

**OFFICIAL PROCEEDINGS**  
City of Eagle Grove • March 7, 2022

**CITY OF EAGLE GROVE**  
**Regular Council Meeting**  
**Monday, March 7th, 2022**  
Mayor McGrath called the meeting to order at 6:30p.m. With Council Members Weland, Lorenzen, Jergens, Pamperin, Limerick and Quintus. Also present: City Attorney Legvold, City Administrator Davis, Public Works Lunda and City Finance Maier.  
Public Forum - Denise Baker, Wright County Recorder - requested information from City Attorney Legvold on the Rotary Addition Plat. Steve Asche presented a list of questions for the Eagle Grove Rec Center and expressed concerns relating to the process, but supports the project.

A motion was made by Lorenzen and seconded by Quintus to approve the consent agenda which includes February 21st 2022 minutes and claims. Roll Call: all ayes

**PUBLIC NOTICE**  
**Wright County**

**WRIGHT COUNTY**  
**BOARD OF SUPERVISORS**  
**March 3, 2022**

Chairman Rasmussen called the special meeting of the Wright County Board of Supervisors to order at 11:00 a.m. Members present were Rasmussen and Helgevoid with Kluss absent.

Rasmussen gave a brief overview of the water issues at the Agribusiness Park and Ennis Transport. Ennis Transport is having to replace water filters every two days due to them being plugged, as well as low pressure and discoloration of water.  
Kelly Evans, ISG Engineer, went over some of the options that Wright County and Ennis Transport can do to help with the water quality problems.

It was then decided that Tom Ford, Agribusiness Park Water Plant Manager, will flush the lines a minimum of once a week. The Board of Supervisors has asked Evans to research a media type filter system to be installed at the Agribusiness Park.

**OFFICIAL PROCEEDINGS**  
**Wright County Board of Supervisors • February 28, 2022**

**WRIGHT COUNTY**  
**BOARD OF SUPERVISORS**  
**February 28, 2022**

Chairman Pro-tem Helgevoid called the regular meeting of the Wright County Board of Supervisors to order at 9:00 a.m. Members present were Kluss and Helgevoid with Rasmussen present via zoom.

Minutes from the previous regular meeting of February 22, 2022 were read and approved.

Approved claims for payment.  
Sandy McGrath with Wright County Public Health gave an update on the COVID cases in Wright County. There are 10 new positive cases since last week with a total of 3,599 positive cases since March 2020. A total of 56.4% of Wright County Residents have been fully vaccinated. McGrath stated there is not as many tests going through the official labs as there is at home tests available. The Board of Supervisors has agreed to have McGrath give a monthly update from this point forward unless there is something that may need addressed.

The current mileage rate for Wright County is \$0.585 per mile. There has been discussion about an issue this may cause for rounding purposes. This will be tabled to next week to look into a spreadsheet that may fix this issue with rounding.

The Board of Supervisors held a discussion about DD 107 assessments. Wright County Drainage Attorney, David Johnson, clarified the information related to the DD 107 cost share discrepancy. Johnson confirmed that at the time of the DD 107 public hearings, there were no written objections on file and no landowners present that voiced an objection. Johnson stated with no objections on record, a motion by the Board of Supervisors, acting as trustees for DD 107, would suffice to correct the motion made on October 11, 2021 approving a 38% cost share with Hancock County.

Motion by Kluss and seconded by Rasmussen to correct the motion made on October 11, 2021 to reflect the cost share figures as provided in the February 2020 Engineer's Report, signed on February 28, 2020, stating JDD 135-59 (Hancock Control-Hancock lands only) 0.38% cost share and DD 26 (Hancock County only) 50% cost share each to DD 107 Main. Motion carried. Wright County lands in JDD 135-59 are already included in the assessment schedule of DD 107.  
Courtney Morris, Wright County Drainage Clerk, presented to the Board that communication had been received in Humboldt County and Wright County from an engineering firm, Jacobson-Westergard & Associates, requesting information related to the current classifica-

tion of DD 9 (Humboldt County) and the minutes from the March 2010 meeting containing the resolutions that were signed. Morris presented the history of this area. There has been no further work completed in the district. Currently there is no classification for the annexed lands. Jacobson-Westergard & Associates is recommending re-classification of the annexed parcels to now be completed. David Johnson informed the Board that they can proceed with the classification of the annexed lands as the district was established in 2010.

Adam Clemons, Wright County Engineer, gave an update on the Secondary Roads. There was one work order completed last week for a service on a vehicle. Clemons became a member of the Iowa Highway Research Board for District 2. One of the research projects is the use of eggshells to stabilize granular roadways. The shop crew is working on a pull behind drag to be used to break up wind rows. This will either be used behind a tractor or a dump truck.

Motion by Rasmussen and seconded by Kluss to adjourn the meeting. Motion carries.
