Minutes of the previous regular meeting of January 11, 2021 were read and approved.
Approved claims for payment.
Sandy McGrath with Public Health gave an update on the current COVID cases. There are now 1,630 cases since March. It is looking like the first part of February they are planning to move into phase 1B. This will include over age 75, caregivers in homes, fire, police, jail, school, child care, teachers, essential workers, manufacturing in condense setting, and dorms. It is unknown how many doses will get each week. Press releases are being set up to get ready for letting public know.

Kelly Evans with ISG was on conference call. Water testing was done last week and all water main testing has passed. Only few punch list items with Beemer is left. The Water Operator should start doing the water testing and keep chlorine levels correct.
Shari Plagge with the Wellness Committee gave an update of the wellness program for county employees. If an employee completes all the wellness activities for the year, they can receive a total of \$200.00 in incentives for participation. If the employees meeting all the requirements the county will receive a 5% discount on health insurance premiums.

This amount is a decrease lowering the overall amount of the contract. All ayes, motion carried. The decrease is due to not as many surface drains and or county files that extend into the open ditch.
