

BOARD PROCEEDINGS

Wright County Board of Supervisors • Oct. 24, 2022

Wright County Board of Supervisors October 24, 2022

Chairman Rasmussen called the regular meeting of the Wright County Board of Supervisors to order at 9:00 a.m. Members present were Kluss, Helgevold and Rasmussen. Minutes from the previous regular meeting of October 17, 2022 were read and approved.

Approved claims for payment.

Adam Clemons, Wright County Engineer, presented the final plans for project FM-C099(102)--55-99 for the C70 curve and Dows Williams Road. The road will be milled down, and another 4 inches of asphalt will be put down as well as concrete patching over the bridge. This project will go out to bid on January 18th, 2023 through the Iowa DOT because FM dollars will be used rather than local dollars.

Clemons presented the final plans for project BRS-C099(101)--60-99 for Bridge 53 replacement on R59 southeast of Galt. There will be a 14x14 box culvert in location of the current bridge. All Right-Of-Way has been acquired for this project.

Motion by Kluss and seconded by Helgevold to approve the final plans for Project FM-C099(102)--55-99 for the C70 curve and Dows Williams Road and also Project BRS-C099(101)--60-99 for Bridge 53 replacement on R59 southeast of Galt. Motion carries.

Clemons presented the Secondary Roads CDL reimbursement policy. This policy will put into effect for individuals to work here and get their CDL rather than being overlooked because they do not have their CDL. Individuals will have their permit before coming to work for Secondary Roads and then being able to train on our equipment. The CDL exam is approximately \$900 and located in Mason City. This will require the employee to sign a contract for 4 years and will have to reimburse the County if they leave employment prior to the end of the contract. Motion by Rasmussen and seconded by Helgevold to approve the Wright County Secondary Roads CDL reimbursement policy. Motion carries.

Clemons gave an update on the Secondary Roads. There were 11 work orders completed last week with one being a surface frost boil on Reed Avenue, north of C20. Mowing of the granular roads is going slow due to a broken cylinder on a mower. Blades are out when possible keeping up with harvest operations.

Motion by Kluss and seconded by Helgevold to adjourn the meeting. Motion carries.
