

**PUBLIC NOTICE  
Wright County Board of Supervisors August 9**

**AUGUST 9, 2021**  
Chairman Helgevolod called the regular meeting of the Wright County Board of Supervisors to order at 9:00 a.m. Members present were Kluss, Rasmussen and Helgevolod. Minutes of the previous regular meeting of August 2, 2021 were read and approved.  
Approved claims for payment. Sandy McGrath with Wright County Public Health gave an update on the COVID cases in Wright County. There are 15 new positive cases since last week with a total of 1,948 positive cases since March 2020. A total of 46.9% of Wright County residents have been fully vaccinated. There are Test Iowa saliva test kits available at Wright County Public Health that are completed at home with directions. Wright County Public Health is continuing Tuesday and Thursday clinics at their office. There will be a few pop up clinics before school starts.  
Motion by Rasmussen and seconded by Kluss to receive the monthly revenue report from the Wright County Sheriff. Motion carries.  
Adam Clemons, Wright County Engineer, presented an update standing corn snow fence policy. The policy will reflect the higher of the two cooperatives in Wright County on August 1<sup>st</sup>. Both cooperatives were \$6.12 on August 1<sup>st</sup> plus \$2.00 per bushel premium. The average yield was pulled from the USDA Wright County average with 187.1 bushels an acre. Clemons will be in contact with local farmers to present this policy. Motion by Kluss and seconded by Rasmussen to proceed with the Standing Corn Snow Fence Policy. Motion carries.  
There were 8 work orders completed last week. The bridge to culvert project will begin today at Bridge 106 and then will go to Bridge 102. Crews are working on shoulder re-claimers which makes it easier for the water to be able to get off the road. There was a discussion about ditch cleaning and cost savings if it can be put into the field and leveled rather than hauling it away.  
In new business, Kluss mentioned the farm lease for the Wright County Farm. This was a 2 year lease and will be up in February of 2022. This will be on the agenda next week with discussion about the filter strips as well.  
Lee Gallentine, CGA Engineer, started the conference call with Franklin County explaining that a request for repair had been filed in Franklin County on February 1, 2021 for JDD 100-2. On April 26, 2021 the joint boards met via conference call to discuss Gallentine's findings upon review of the site. The boards directed Gallentine to continue his investigation on the area and report back.  
Further investigation has shown that there are sinkholes/blowouts visible on the surface, tree root infiltration in the tile, cracked tile, and a tile collapse in the area beneath the north side of Oakland Drive wooden box culvert. Gallentine presented two (2) options for review.  
Option 1:  
Replace the broken main tile and wooden box culvert beneath Oakland Drive with RCP tile and concrete box culvert  
Install tile intakes on both sides of Oakland Drive to intercept overland flow of water and prevent erosion  
Replace the main tile for the first 400 feet, roughly, from its outlet  
Install a new headwall at the outlet  
Cut, remove, and treat all trees within 50 feet of the main tile route

Option 2:  
Convert all the main tile downstream of Oakland Drive to an open ditch  
Install new headwall upstream of Oakland Drive to outlet the existing main tile  
Replace the existing wooden box culvert beneath Oakland Drive  
Cut, remove, and treat all trees within 50 feet of the open ditch route  
Franklin County stated that the box culvert under the road is not a district asset. The culvert would be something for Franklin County Secondary Roads to look at. Gallentine explained that the tile under the road is under the culvert and is a district asset. He continued to explain if the culvert was figured into the repair it would likely meet or surpass the threshold.  
Franklin and Wright County agreed to have Lee Gallentine contact Jay, Franklin County Engineer, and discuss the culvert findings with him.  
In another matter, Gallentine started the conference call explaining that a request for repair had been filed in Franklin County on April 12, 2021 for JDD 228-85 Lateral 9. During the investigation the tile was found to have slow moving water and be ¾ full. With these findings, during the current drought, there is a potential significant restriction in the downstream direction. Gallentine recommends an investigation into the condition of Lateral 9 in the downstream direction either by CCTV (televise) or excavation.  
Kluss, Wright County, asked if it would be possible to televise with the high water level. Gallentine stated it would not be possible at the current level.  
Franklin and Wright County agreed to wait until the crop is out and dig up the tile at intervals to find the problem area.  
Lastly, Gallentine presented additional damage found on Lateral 9 while work was being conducted on JDD 228-85 Lateral 17 (Franklin County only). An intake for Lateral 9 tile was found to be rusty and mangled. Gallentine recommends repairing the intake so that a sinkhole doesn't form, and proper drainage is maintained.  
Kluss, Wright County, recommended to replace with a hickenbottom. Franklin County agreed and will proceed with the repair.  
Motion by Kluss and seconded by Rasmussen to consider going into closed session pursuant to Chapter 21.5(c) of the Iowa Code to discuss strategy with counsel in matters that are presently in litigation or where litigation is imminent where its disclosures would be likely to prejudice or disadvantage the position of the governmental body in that litigation. By roll call vote: Ayes – Kluss, Rasmussen, and Helgevolod; nays – none. Went into closed session at 10:00 a.m.  
Motion by Rasmussen and seconded by Kluss to go back into open session at 11:15 a.m. Motion carries.  
Motion by Kluss and seconded by Rasmussen to move forward with Option B as discussed in closed session. Motion carries.  
The Board of Supervisors will be holding a workshop at 1:00 p.m. in discussions of the American Rescue Plan funding and review projects.  
Motion by Kluss and seconded by Rasmussen to adjourn the meeting. Motion carries.  
Karl Helgevolod, Chairman Betty Ellis, Wright County Auditor Wright County Board of Supervisors

**PUBLIC NOTICE  
City of Eagle Grove Ordinance NO. 2021-0**

**SUMMARY OF  
ORDINANCE NO. 2021-04**  
AN ORDINANCE AMENDING THE CODE OF ORDINANCES OF THE CITY OF EAGLE GROVE, IOWA, BY AMENDING PROVISIONS PERTAINING TO FENCES. On August 16, 2021, the City Council of Eagle Grove, Iowa passed the aforementioned ordinance and a summary is as follows:  
SECTION 1: Section Modified. Section 165.21(4) of the Code of Ordinances of the City of Eagle Grove, Iowa, is repealed and the following adopted in lieu thereof: (4) All swimming pools having at least one of the following: a filtration system; circulation system; and/or requiring the use of chemicals located within the zoning jurisdiction of the City shall be surrounded by a fence at least four feet in height equipped with a self-locking gate. A self-locking gate can be exempt from this requirement if the fence is a perimeter fence for the property and does not have a gate. The fence shall be designed to prevent entry by small children and animals.  
SECTION 2. REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.  
SECTION 3: SEVERABILITY CLAUSE: If any section, provision, or part of this ordinance shall be adjudged invalid or unconstitutional, such adjudication shall not affect the validity of the ordinance as a whole or any section, provision, or part thereof not adjudged invalid or unconstitutional.  
SECTION 4. WHEN EFFECTIVE. This ordinance shall be in effect from and after its final passage, approval, and publication as provided by law.  
Bryce Davis, City Clerk
